

Commercial accounts are complex. We're built for it.

State Shield brings a commercial pest management background to properties across Southwest Florida: a defined process, a record of every visit, and service on a schedule you can plan around.

WHO WE SERVE

01 Apartment & multi-family communities **FOCUS**

Common areas, exteriors, and occupied units on a set schedule. Vacant units and turns handled with your make-ready. Resident access coordinated through your leasing office.

02 Restaurants & food service

German roach and rodent focus, service windows around prep and service, and records ready for your next health inspection.

03 Offices & retail

Low-disruption visits planned around your hours: break rooms, storage, and entry points.

04 Builders & new construction

Termite pre-treatment timed to your pour schedule and documented for your project file.

THE STATE SHIELD STANDARD

01 / RECORDS

Documented visits

What was inspected, treated, and needs attention, recorded after every visit.

02 / SCHEDULE

Scheduled windows

Service on the agreed schedule, inside the agreed window.

03 / PEOPLE

Consistent technicians

Familiar faces who know your property and its access rules.

04 / CONTACT

One point of contact

A direct line to someone who knows your property.

STATE SHIELD FIRST SERVICE

FREE

Apartment communities: your first service is on us.

See the difference before you commit.

- ✓ For apartment and multi-family properties in Lee, Collier, Charlotte, and Sarasota counties.
- ✓ One-time service, scheduled at your property's convenience.
- ✓ No cost and no commitment to continue.

Mention **State Shield First Service** when you call.
